

Grounded and Exclusive

TOTO introduces new floorstanding ceramics – ideal solutions for specific bathroom design requirements.

Sometimes, bathroom constructions and layouts make it necessary to find design solutions that can quite literally stand on their own. This inspired TOTO to offer floorstanding ceramics for their toilet, bidet and WASHLET products. Streamlined and minimalistic, these models complement a variety of bathroom styles. They can be the ideal solution for special situations – like remodels in vintage or existing buildings. As with all their products, the Japanese sanitaryware specialists have dedicated their extraordinary expertise to designing floorstanding versions that maximize comfort and hygiene.

Close-coupled and back-to-wall

TOTO developed two floorstanding models of its most popular wall-hung toilet, the RP Toilet. The close-coupled version with cistern and back-to-wall variation can be used as either a standard toilet or WASHLET. TOTO's RP collection has a bidet to match the standard toilet version. All RP ceramics share a streamlined, minimalist and modern design – making the new models a lovely addition to all contemporary bathrooms.

TOTO anticipates toilet-WASHLET upgrades

Things can always change: One highlight of TOTO's floorstanding RP Toilets is their flexibility for future upgrades. It's possible to install WASHLET on both the close-coupled and back-to-wall versions of the RP Toilet at a later point in time. If people use the toilet with a standard toilet seat, FlexCovers are placed over the

1 An ideal choice for a simple, stylish bathroom update: the floorstanding RP Toilet in the close-coupled version with cistern, shown here with the RP Bidet. Both products feature TOTO's special Cefiontect glaze, which makes them easy to clean and keeps them clean for longer. Photo: TOTO

2 The glossy white RP Toilet coordinates beautifully with the RP Bidet. Both are now available in floorstanding back-to-wall versions. Photo: TOTO

3 The outstanding comfort and hygiene of TOTO WASHLET RW is now available in an elegant floorstanding back-to-wall version. Photo: TOTO

4 Offering stunning design and helpful flexibility when renovating existing bathrooms: The close-coupled WASHLET RG with cistern combines the best of both worlds, transforming this space into an elegant, comfortable oasis. Photo: TOTO

About TOTO Europe

TOTO, one of the world's leading sanitary ware companies with 36,000 employees world-wide, has an unwavering focus on people and their well-being. Since its foundation in Kitakyushu, Japan in 1917, TOTO has been developing, producing and marketing its comprehensive high-end bathroom concepts – entering the European market in 2009. The company aims to create a new attitude towards life through regeneration, comfort and hygiene, integrating easy-to-use technologies into their product designs in a smart, nearly invisible way. Japan's leading manufacturer in the sector, TOTO offers a comprehensive range of products including ceramic sanitary ware, faucets and accessories. The company can look back on over 40 years of success in developing and manufacturing WASHLET, having sold over 60 million of them world-wide so far.

TOTO is strongly committed to improving people's well-being – as well as that of our planet. TOTO joined Initiative RE100 with the goal of becoming an emission-free company and is working towards achieving carbon neutrality at all its locations by 2050 – primarily through the consistent use of renewable energies. In 2021, TOTO received certification from the Science Based Targets Initiative (SBTi) for adopting targets in line with Paris Climate Accord. By selling and developing products that save water, the company is helping conserve resources each and every day. Sustainable products will make up 83% of TOTO's portfolio by 2030 – with innovative technologies dramatically cutting water consumption. With these steps, TOTO is pursuing complete climate neutrality by 2050 – see our Integrated Report 2024 for more details.
