## CLEANLINESS

---

### **TORNADO FLUSH**

Highly effective two- or three-jet flush

### **RIMLESS DESIGN**

Ceramic toilet bowl without hard-to-reach areas along the top edge

### **CEFIONTECT**

Smooth glaze for a special hygienic ceramic surface

# TOTO toilets

The perfect toilet is our benchmark.

Our toilets feature technologies that ensure the highest level of hygiene. We integrate them intelligently into timeless designs, making our products the ideal complement to any bathroom.

With this ambition in mind, all TOTO toilets are equipped with the following standard hygiene technologies: the powerful TORNADO FLUSH, rimless design, and extremely smooth CEFIONTECT glaze.

RP toilet; wall-hung (CW552Y) with RP toilet seat (TC513Q)

## Toilet RP and RP Compact

The RP toilet is one of the latest toilet models from TOTO, where the name says it all: RP stands for “Round Perfection”. With its harmonious round shape, concealed mounting screws and matching flat toilet seat, it captivates with its timeless elegance.

The shortened version, the RP Compact with a depth of 490 mm is the perfect addition for small bathrooms and guest WCs.

A direct comparison of RP and RP Compact toilet

Toilet RP Compact; wall-hung (CW554Y) with  
RP Compact toilet seat (TC613G)

### SP toilet

The toilet SP is the angular counterpart of the RP. The SP stands out due to its straightforward, linear and angular design. Find these characteristics also reflected in the product name: SP means "Square Perfection".

SP toilet; wall-hung (CW532Y) with SP toilet seat (TC512G)

Toilet GP; wall-hung (CW553Y) with GP toilet seat (TC524EU)

## GP toilet

The GP toilet convinces with its graceful design style. Its timeless design allows the toilet to be perfectly integrated into a diverse range of interior designs.

SG toilet; wall-hung (CW512YR) with SG toilet seat (TC501CVK) and SG resin cover (9AE0017)

---

## SG toilet

With its angular design and separate trap cover, the wall-hung SG toilet makes it a real design classic. This toilet is available with a trap cover made of stainless steel or white plastic.

SG toilet; wall-hung (CW512YR) with SG toilet seat (TC501CVK) and metallic cover SG (7EE0007)

MH toilet; wall-hung (CW162Y) with MH toilet seat (VC10047NN)

MH toilet; wall-hung (CW162Y) also combinable with slim toilet seat (TC514G)

## MH toilets

The toilets of the MH series appeal with their flowing, simple form.

In addition to the wall-hung toilet, there is also a floor-standing back-to-wall version and a close coupled version, which is particularly suitable for renovation projects e.g. in old buildings.

For a particularly elegant look, all toilet models of the MH series can be combined not only with the MH toilet seat but also with a slim toilet seat.

MH toilet back-to-wall, floor-standing (CW163Y)

MH toilet, close coupled (CW161Y) with ceramic cover MH with cistern (SW10044G1)

NC toilet back-to-wall, floor-standing (CW763Y) with NC toilet seat (VC100N)

NC toilet; wall-hung (CW762Y) with NC toilet seat (VC100N)

## NC toilets

The wall-mounted NC toilet was one of the first rimless toilets on the European market. The name of the toilet is programme: NC means "natural curves" and thus this toilet captivates by its timeless, natural round shape.

In addition to the wall-hung toilet, a floor-standing back-to-wall version is also available.

Both versions can be combined with a slim toilet seat in addition to the regular toilet seat.

NC toilet; wall-hung (CW762Y) with slim toilet seat (TC514G)

ES toilet, wall-hung (CW797) with ES toilet seat (VC110N)

## ES toilet

The wall-hung ES toilet has a straight-line design with easily accessible mounting screws on the sides, which allow a particularly quick installation.

This toilet can also be combined with a slim toilet seat in addition to the usual toilet seat.

NC toilet; wall-hung (CW797) with slim toilet seat (TC514G)

## CEFIONTECT

**CLEAN SYNERGY**

**Forces waste  
to slide down**

Ultra-smooth ceramic  
leaves nowhere  
for waste to cling.

**CEFIONTECT is an ultra-smooth ceramic glaze that coats the toilet bowl. Its microscopic surface ridges are far smaller than waste particles, leaving no place for waste to gain a foothold. Extremely durable, CEFIONTECT is designed for enduring beauty and cleanliness.**

### Extremely smooth glaze

No CEFIONTECT

CEFIONTECT

Conventional ceramic may mould perfectly smooth to the eyes, but has gaps where waste, mold and bacteria hide. At just one millionth of a millimetre, CEFIONTECT's surface ridges are much tinier than waste particles.

### CEFIONTECT is hydrophilic

Water hydrophobic

Water hydrophilic

Hydrophilic describes organisms and materials that attract water. CEFIONTECT is hydrophilic. Water spreads easily over the toilet bowl, so waste particles easily wash away.

### What makes CEFIONTECT so durable?

## **TORNADO FLUSH**

**CLEAN SYNERGY**

**Swirls and ejects  
waste entirely**

360° cleaning power  
reaches every spot  
using less water.

**TORNADO FLUSH** cleans more effectively – but is also quieter, and uses less water than conventional toilets. The powerful flush creates a whirlpool that cleans every inch of the toilet bowl without missing a spot.

### **TORNADO FLUSH**

**Powerful flush for thorough cleanliness**

TORNADO FLUSH reaches every inch of the toilet bowl – all the way to the edge. The water is propelled into the bowl, creating a whirlpool that harnesses the power of the water for thorough cleansing. The high-quality ceramic used in TOTO toilets make this innovative technology possible.

### **RIMLESS**

**Rimless ceramic toilet bowls**

The RIMLESS design not only leaves no place for waste and germs to hide. It also makes for a much easier to clean toilet.

# More benefits at a glance

## Because quality pays off

All TOTO toilets include TORNADO FLUSH, rimless design and CEFIONTECT glaze as standard features. At TOTO, cleanliness and improved hygiene are essential parts of the company's product philosophy. People can see and feel TOTO's many years of experience in its products.

### Quieter than conventional toilets

Comparative measurements have shown: TOTO toilets equipped with TORNADO FLUSH are far quieter when flushed than conventional toilets.

Laboratory tests have shown that a comparable competing product was 41% louder than the TOTO NC toilet.

This means that the sleep is less disturbed when other family members use the toilet at night.

### Easy-to-remove toilet seat

TOTO's toilet seats are designed to make it easy to clean each toilet thoroughly. The seat and lid can be removed by simply pressing on the release buttons, guaranteeing simple cleaning.

### Soft-close seat and lid

Our proven soft-close seat and lid lowers slowly and silently with a tap of the finger. The advantage: Minimal points of contact enhance people's comfort and hygiene in the bathroom.

# Avoid spreading viruses and germs with toilets from TOTO

Confirmed by hygiene expert  
Prof. Dr. med. Zastrow

Due to the exceptional technologies, TOTO toilets are among the most hygienic toilets currently on the market. TOTO has therefore asked the hygienist Prof. Dr. Klaus-Dieter Zastrow to test the TOTO toilets for hygiene.

## Summary of the results:

Prof. Dr. med. Zastrow confirms that TOTO toilets even fully comply with the requirements of hospital hygiene and infection prevention. A further spread of germs and viruses (and thus also the corona virus) is almost impossible.

### This is attributable to:

- TORNADO FLUSH which, thanks to its flushing properties, cleans effectively while preventing the spread of aerosols and splashes
- the rimless design, which prevents a reservoir of dirt and germs from forming under the toilet rim

**By purchasing a toilet from TOTO, you can prevent the spread of viruses also in your home.**

**Refreshing  
hygiene**  
with the bidet  
within the toilet

## **Wash not wipe – How to transform your TOTO toilet into WASHLET™**

**WASHLET™ gently cleans your intimate body parts with a warm, soft water jet. This pleasant cleansing gives you a special sense of freshness and improves hygiene and well-being. Just like our toilets WASHLET™ is equipped with numerous features and functions that make it unique in terms of hygiene, comfort and quality. An upgrade for your bathroom and your well-being.**

WASHLET™ is a combination of a TOTO toilet with a WASHLET™ seat (instead of a toilet seat). The combination of TOTO's many years of experience and unique ceramic technologies and WASHLET™ create synergy effects that promote your health and protect the environment.

For more information and details about WASHLET™, talk to your plumber or visit our website [gb.toto.com](http://gb.toto.com).

TOTO has been distributing WASHLET™ since 1980. With this long-term expertise and sophisticated technologies, TOTO has already sold over 50,000,000 copies worldwide. WASHLET™ models are available in every price range.
