TOTO WASHLET make all the difference – the best quality in the most private of spaces

All 398 rooms and suites at Munich Marriott Hotel City West are divided into nine categories. What they all have in common is their unique, warm and understated elegance, exuding a feeling of peace and calm. The rooms also feature locally inspired design elements – like the lion’s heads on the walls, which guests are encouraged to rub for good luck. Or the wood panelling reminiscent of Alpine homes. The special twist is found in the most private of spaces and makes the biggest difference: All 398 rooms of every category at Munich Marriott Hotel City West include TOTO WASHLET. Joern Siebke explains why they decided to install TOTO WASHLET in every room: “TOTO products are considered differentiators that give Munich Marriott Hotel City West an elevated quality, setting it apart from other properties on the market.” He continues: “It’s possible to book a standard room here and still experience TOTO WASHLET – something that’s reserved for guests in only the most elevated suite categories at other hotels.” Hotel bathrooms are essential to making people feel comfortable, which is why the developers chose TOTO WASHLET. “We’ve seen this development in showers over the past several years. Rainfall showers – once a real highlight in hotel bathrooms – have become almost expected standard features. International business travellers and a certain clientele already associate the TOTO brand with high quality and exclusivity. To make the real difference, we wanted to give our guests a next-level experience in the most private of spaces – the bathroom,” explains Joern Siebke. All guests will enjoy the many convenient features, exceptional hygiene and comfort that TOTO WASHLET has to offer.

Exquisite dining options – for major events or private celebrations

The owners wanted an exquisite hotel that would fill a gap in Munich’s MICE (meetings, incentives, conventions and exhibitions/events) market. Studio Lux Berlin did just that with a versatile concept that makes so many things possible over nearly 1,600 m2 and three floors. The hotel has an extraordinary range of flexible, adaptable spaces for meetings, conferences, conventions and celebrations – from the column-free ballroom spanning over 900 m2 with its own entrance and space for over 600 guests to the small, cosy meeting studio with just 20 m2 of space. The event space on the first floor even has its own open-plan show kitchen attached to the studio, allowing conferences and meetings at Munich Marriott Hotel City West to be transformed to special events for connoisseurs.

Guests have a wide variety of dining options to choose from: Assoluto Ristorante & Vineria has an open-plan kitchen and serves authentic Italian delicacies. The open restaurant area also includes a separate Wine Room for more intimate gatherings and tastings. People can enjoy their morning coffee or a quick afternoon snack at Assoluto Café. westhub bar & lounge provides a lovely, relaxed space for more

casual get-togethers. Elite members of the Marriott Bonvoy loyalty programme and guests staying in executive and higher room categories can enjoy free refreshments around the clock at the exclusive M Club Lounge on the seventh floor. Another highlight is the spacious rooftop terrace available for event bookings, which provides a stunning view of the city and the Alps.

A visit to Munich Marriott Hotel City West is more than just a visit to Munich – it's an excursion into an entirely new world full of beauty and extraordinary comfort for every guest.
