As one of the world's leading suppliers of high-quality ceramics, faucets and accessories for the bathroom, TOTO has the perfect product for every taste – now including new bidets to complement the TOTO collection of toilets.

Whether round or angular, all TOTO bidets have an exclusive and elegant, yet minimalist design reminiscent of the toilets. Two new models provide even more unique design possibilities for the bath.

The new bidets also feature the CeFiONtect glaze developed by TOTO. This highly durable and hygienic glaze provides long-lasting shine and an especially smooth surface which practically prevents waste from sticking.

**About TOTO**

TOTO focuses on people and their well-being, developing products that combine modern design and extensive expertise. The Japanese company perfects its technologies over decades, incorporating them into innovative products in an understated, easy-to-use way. Established in Kitakyushu, Japan in 1917, TOTO has been developing, producing and marketing its comprehensive high-end bathroom concepts for the European market since 2009. The company aims to create a new attitude towards life through regeneration, comfort and hygiene, integrating technologies into their product designs in a smart, nearly invisible way while prioritising hygiene and resource conservation. Japan's leading manufacturer in the sector, TOTO offers a comprehensive range of products including ceramic sanitary ware, faucets and accessories – all created in close collaboration with renowned designers. The company celebrated its 100th birthday in 2017. In 2018, the international market research institute Euromonitor named TOTO the “World's No. 1 Brand” in shower toilet sales. TOTO was also one of the first ten manufacturers to receive the seal of quality from Germany's Central Association of Plumbing, Heating and Air Conditioning (ZVSHK) along with the group's “Certified Manufacturer – Quality, Safety, Service” certification in 2019. TOTO employs 30,000 people world-wide.
